

Human Services Awarded PHARE Grant

The PHARE (Pennsylvania Housing Affordability and Rehabilitation Enhancement) grant money will be used to assist eligible county residents with security deposit; first month's rent, utility deposit, outstanding utility bills and past due rent which is placing them at risk of eviction. The goal is to help maintain safe and affordable housing in the areas of the Commonwealth impacted by the development of the Marcellus Shale. The target population family income is \$24,900 which falls below 50 percent of the median income of \$55,600 for Tioga County.
