Executive

Nelson FD signed a fire protection contract, still have a few issues to resolve. They have to provide documentation to the Township by June of 2025.

The executive committee also met with the other K9 group since the last meeting. We addressed some concerns and they were going to look into and address them. No further action is needed at this time.

President Kulish had also been contacted by Commissioner Sam Vanloon and Tri-County REC about the TCFA being a “requester” for several agencies that submitted to Tri-County REC for grants. By lumping them all together, their bank would provide a larger match. President Kulish told them we would act in that capacity.
