

Tioga County Drug & Alcohol Planning Council

June 16, 2026

1:30 PM

Attendance: Lindsey Chambers, Cindy Grand, Mellissa Parsons, Commissioner Rice, Sara Rice, Laurie Roof

Call to Order- Lindsey called the meeting to order at 1:30 p.m.

Lindsey made a motion for Cindy to be Chair of the Planning Council, motion passed.

Secretary's Report- Lindsey asked the members to review the May meeting minutes. No questions, concerns or comments. Cindy made a motion to accept the minutes as presented, Commissioner Rice seconded. Motion carried.

Business:

Lindsey informed the council that we need to recruit more council members. Commissioner Rice would like to ask Joelle Young to join the council for another 3- year term and mentioned that Commissioner Nickerson had a few people that would be beneficial to the council as well. Laurie Roof has some people in mind that may have valuable input. Lindsey is to follow up with these leads. The Planning Council has enough members to meet the by-laws currently; however, attendance at the meetings has been minimal.

There are no new updates or proposals received for Opioid Settlement Dollars.

The "To Good For Drugs" prevention program in the school districts were completed at the end of the school year. Harbor Counseling will be hosting their 8th annual Overdose Awareness Event this August.

The Single County Authority received 10 referrals in the month of May: 9 males and 1 female with 6 recommendations of outpatient treatment and 1 recommendation of early intervention treatment. 3 individuals were age 18-25, 5 were age 26-59, and 1 was age 60+.

The Single County Authority had the Department of Drug and Alcohol Programs(DDAP) audit. Everything went well. We were encouraged to review rates for our contracts.

The August meeting will be a community listening session to solicit stakeholder input for the Single County Authority Treatment Needs Assessment Plan.
